

Be on the leading edge of bringing God's healing to our local communities and the world.

Dear Door of Hope friend,

At Door of Hope, our solitary goal is to glorify God as we bring the most effective and up-to-date approaches to those affected by abuse and trauma.

Because you've shown that you care about survivors of abuse and trauma, we think you may be interested in our new and updated HOPE PARTNERS program.

Seeing the results God is bringing through our conferences, support groups, trauma recovery counseling and prayer ministry is so encouraging.

Families are finding freedom from abuse and healing from trauma, positively impacting their communities and future generations.

Through your generous giving in the past, you have been part of His work at Door of Hope and part of each precious individual's story. Because you give, entire families know joy and hope and have practical support to take the next step.

Hope Partners is our monthly giving program that puts members at the forefront of bringing abuse and trauma survivors the most effective and up-to-date healing approaches - *every day of the year*.

To show our appreciation and gratitude for partnering with us, Hope Partners members receive benefits. **Please see the table below for all the details! And, as a Hope Partner, you're in the driver's seat, as you can change your giving level or cancel your membership at any time.**

Let me give you more of an idea of what you can expect when you join this pivotal part of our ministry and accompany us on the cutting edge of healing abuse and trauma.

Increase your impact by becoming a Hope Partner or by raising your monthly giving level at doorofhopeministries.org/monthlygiving. *Thank you!*

Breaking the Generational Chains of Abuse

Domestic abuse is typically passed down from one generation to the next. This tendency means that abuse can spread like a disease through the family tree. Besides the personal toll abuse inflicts, other family members are adversely affected. Everyone is touched.

The opposite is true when one family is freed from abuse: succeeding generations are more likely to have healthy relationships and live in peace. Healthy families have joy and life-giving ways of relating, positively impacting generations to come.

Door of Hope support groups, conferences, and workshops bring education, support, and practical help so generational chains of abuse can be broken.

As a Hope Partner, you'll be addressing abuse head on right away and every day.

Healing Trauma

Whether trauma stems from abuse or some other traumatic event, it can trigger debilitating levels of fear and anxiety. When traumatic experiences are repeated over and over, areas of the brain corresponding to decision making, sense of self, and connection to others are negatively impacted.

Trauma often leads to problems like depression, anxiety, addiction, and disassociation. As you can imagine, the effects of trauma are far-reaching, impacting not only the one traumatized but those around them.

At Door of Hope, our approaches are based on cutting-edge brain science and proven techniques that help people recover from trauma and find joy - real joy. To address trauma, we offer Trauma Recovery Prayer Ministry and Professional Trauma Recovery Counseling.

As a Hope Partner, you'll provide healing to hurting hearts wanting to recover from trauma.

Increase your impact by becoming a Hope Partner or by raising your monthly giving level at doorofhopeministries.org/monthlygiving. Thank you!

Reaching the Globe with God's Healing

Door of Hope's vision is to reach individuals and families affected by trauma and abuse all over the world. To do this, we're making domestic and global connections to bring awareness, education, training, and support to people wherever they live.

Whether in Wisconsin, Central America, Africa, or India, we want to be there, bringing God's love and healing to those asking for help.

Today, we're training leaders and leading support groups in the Twin Cities area, throughout Minnesota, and in the U.S., India, and Zimbabwe.

We are launching an **online resource** that will make our webinars, Authentic Hope teachings, and other recordings available to those looking to grow or help others.

We have developed resources for U.S. prisoners which is successfully being used in the West Virginia prison system. As God provides, we will extend materials and support to other prison systems requesting our help.

Safe housing for women (and their children) fleeing abuse is also part of what God is calling us to do. We are waiting on the resources and God's timing to do this. Our dream is to plant shelters and be a training center for shelters worldwide.

Every day you're a Hope Partner, you'll bring God's peace and joy to families worldwide - for pocket change.
